Lodging: If required we are happy to recommend / Guesthouse:www.pitztalerhof.at - Boarding houses:www.haus-florian-wennis.at / www.landhaus-gasser.at

Special features and options

In the course "Painting Backgrounds for Beginners" we begin with a theoretical introduction. We deal with the core topics of naturalistic landscape painting in general. The essential differences to background painting are shown and we discuss image composition, color intensity, tonal values, lighting effects, depth effect and color theory. We start with simple color exercises and increase these to concrete painting exercises with trees, shrubs, walls, stones etc. In further course we learn and practice the mixing of sky colors and paint a simpler background picture. As a rule we work with powder paints in beginner courses. However it is also possible to paint with acrylic paints. Much joy when starting out in "background painting"!
